

# Lynsted Range

Designed and manufactured to compliment traditional or modern buildings.

## Lynsted Range

Designed and manufactured to compliment traditional or modern buildings.

Hand crafted these high quality planters are available in a range of sizes, shapes and finish. This versatile planter can be designed to suit most locations.

Optional extras include a reusable metal liner and reservoir.

These wooden planters can be manufactured from treated softwood, or for an exclusive look, Iroko hardwood. All timber is sourced from sustainable sources.

### Specification
